and watch what happens!

What benefits are derived from collaborating with federal and state entities?

What can we learn from a raft trip?

- Salmon
- Eagles
- Bears
- Us
- Benefits

How can you get them to care?

- Movement!
- Make it fun!
- Let them be loud!
- Let them make the decision/give them choices.
- Make it personal...how are things changing right at home?
- Glacier field trips
- Testing: have children do the leg work.
- Utilize their senses as a tool.
- Utilize their grandparent (making it personal again.)
- Remember *hands on* and *fun* are the key.
